Europe PMC Roadmap - April to June 2020

Mission: "To build open, full text scientific literature resources and support innovation by engaging users, enabling contributors, and integrating related research data."

Europe PMC Objectives	In progress	Next	Considering
High performance service, continuous improvements	• ORCID API v3.0 upgrade **70%** • Add button to claim article to ORCID on article page **100%** • Load COVID-19 grants to GRIST grants database / Grant Finder **85%** • Add multiple author affiliations to articles API response **100%** • Optimisation of data links loading performance in article pages **100%**	• Migrate Linux web server technologies	
Full text search/view mechanisms	• Implement mechanisms to load and index full text COVID-19 preprints **80%** • Implement new infrastructure and processes for loading full text articles **80%** • Add COVID-19 search banner **100%**	• Investigate how to display peer review status on search results and article pages	• Redesign of advanced search tool
Tools and approaches to support literature-based workflows	• Release Client Stories video **100%** • Plan and deliver live demo webinar and funders' webinar **100%**	• Email alerts for researchers and curators	
Platform for innovation	• Text mine EPI accession numbers, including SARS-Cov-2 strains **100%** • Improvements to data links API module to retrieve more accession types **100%** • Improve UX of Scilite annotations / highlighting terms on article pages **90%**		• Text mine supplemental data from Biostudies
Integrate manuscript submission and related services		• Integrate ORCID author IDs • Enable authors to assert manuscript license	• Improvements to manuscript ingest processes

Last updated: 17/06/2020

Completed work - Quarter 1 (January to March 2020)

Europe PMC Objectives	Released/completed Q1 January to March 2020
High performance service, continuous improvements	
Full text search/view mechanisms	• Ingested preprints from Beilstein Archives and Research Square • Improved display and handling of preprint versions in search results • Scite smart citation summaries displayed on article pages
Tools and approaches to support literature-based workflows	• Europe PMC webinar • Supported assignment of DOIs for grants on behalf of EPMC funders • Case studies and testimonial page for API users
Platform for innovation	• Displayed DOIs for grants on grant pages
Integrate manuscript submission and related services
